Moore’s Pole Mount Power Supply Cabinets accommodate power modules and batteries in ventilated, durable, aluminum, lockable enclosures. Prewiring option packages are available for more cost efficient field installations. Moore’s advance manufacturing technology allows for flexibility in design.

- Light weight Aluminum pole mounted cabinet for one power module and three batteries
- 270 lb rated drawer slides support smooth operating battery drawers
- An available integral ladder support improves safety for technicians
- All levels of pre-wiring are available to economize field installation
- Passive air flow is provided by louvers engineered for optimum ventilation
- Moore’s modern painting facility provides the industry’s best powder coating finishes
